

TRINITY COMMUNITY PARK

Community Impact REPORT

<http://trinitymonument.org/trinity-community-park>

Why?

Inclusivity +
Accessibility + Unity =
Everyone!!!

ADA requirements are not enough; being **Inclusive** and **diverse** is more important. It's not just about people with disabilities, it's about EVERYONE enjoying and sharing the benefits of play: physical, sensory, and social. **Inclusive** playgrounds go beyond regular guidelines, facilitating engagement between people with physical challenges, development disabilities, the elderly, medically challenged and everyone in between. An **accessible** playground invites people that use walking devices to access the playground. **Inclusive** play activities are selected and laid out so that someone in a chair can engage with people of different abilities. This is a place where a senior citizen and a grandchild can play TOGETHER... creating **unity!**

Phase 1

OPENED SPRING 2022

Now, the community has access to a park with a swing set, tire swing, toddler swing, spring toy, slides and large climbing structure. The park also includes a .25 mile fitness walking path that is dog friendly and for people of all ages and abilities.

Trinity has acres of land not being used, so we have aspired to build an **ACCESSIBLE** playground suitable for all abilities. A park with similar equipment to Phase 2 is over 30 miles away. We are committed to do more, with a merry-go-round for wheelchairs, sensory panels, unity swing, and a teeter totter where people with mobility challenges. Wait for it... plus a **WHEELCHAIR TRAMPOLINE!** Yes, you read that correctly.

Phase 2

OPENED FALL 2023

We have provided ADA compliant ramps and surfacing, **accessible** swings, **accessible** whirl merry-go-round, **unity** teeter totter, rocking cozy cocoon, sensory equipment, and trampoline.

Trinity Community Park is designed to give our community a space for people with and without disabilities a chance to play TOGETHER, a space where EVERYONE can participate equally. We have created an environment that extends access, kindness, and compassion to EVERYONE, affecting the wellbeing of an entire community.

Phase 3

OPENED FALL 2024

Pavilion & more amenities

The community asked for a pavilion. Trinity did more than just a pavilion. We added tables, benches, signage, a GaGa pit, sidewalk, handicap parking spots and some landscaping.

Phase 4

OPENED
MARCH 2025

Dog Park

Safe space for dogs & owners to exercise. Dogs strengthen their mental focus and physical fitness.

Phase 5

OPENED
SEPT. 2025

Sensory Trail

What is a Sensory Trail & Sensory Wall?

A purposefully designed pathway that stimulates the senses through various tactile, auditory, olfactory, and visual elements. It offers an immersive experience, allowing individuals to explore and engage with their environment through touch, sound, smell, and sight.

Try it blindfolded or barefoot for a deeper immersive experience.

& Beyond

- ❖ Turf Field
- ❖ Restroom Facility

Phase 6
